✉ bookings@aroute.capetown

The wine industry was established in the 1970's. Stellenbosch and Franschhoek soon became the first wine region in South Africa to establish a wine route as an organised network of wineries at which the tourist could experience the product of the vine and tune into the soul of the region's winelands.

We would like to take you on a journey through the museums that not only celebrate the history of the region, but holds some of the most valuable South African art on display. Customise your tour by adding to your art experience with a wine tasting or a lunch at a bespoke local restaurant.

Areas of interest

- Rupert Museum

The Rupert riverside facility holds paintings, sculptures & tapestries by 20th-century South African artists. With a most valuable private collection and various exhibitions, we will take you through one of the most amazing art experiences in South Africa.

- Boschendal Norval Art Gallery

You will be welcomed by a contemporary collection of art featuring artists from all over Africa and South Africa that contrasts with the Manor House's rich history, providing a nuanced experience for art lovers.
